

Certificate of IFRA Conformity

Issued in the format recommended by the International Fragrance Association (IFRA) · Covering the IFRA Standards up to and including the 51st Amendment

1 — Product identification

Trade name	Cashmeran® (IFF)
Chemical name	1,2,3,5,6,7-hexahydro-1,1,2,3,3-pentamethyl-4H-inden-4-one (DPMI)
CAS No. / EC No.	33704-61-9 / 251-649-3
Nature	Single aroma chemical (100% — also supplied as 10% dilution in dipropylene glycol, CAS 25265-71-8)
Supplier	cashmeran.com (repackager of original IFF material)

2 — Declaration of conformity

We hereby certify that the above product, as supplied, **conforms to the Standards of the International Fragrance Association (IFRA), up to and including the 51st Amendment** to the IFRA Code of Practice, provided it is used in accordance with IFRA guidance and Good Manufacturing Practice.

The ingredient dihydro pentamethylindanone (CAS 33704-61-9) is, at the date of issue, **not the subject of a specific IFRA Standard** (it is neither prohibited nor restricted by an individual Standard under the 51st Amendment). No maximum concentration limit therefore applies to this ingredient itself under the IFRA Standards for the finished-product categories 1–12.

3 — Guidance for use in finished products

IFRA conformity of a **finished consumer product** always depends on the complete formula. When this ingredient is compounded with other materials, the finished fragrance mixture must be re-assessed against all applicable IFRA Standards for the intended product category (QRA2 categories 1–12). The user remains responsible for the compliance of the final product, including any applicable cosmetic, safety and labelling regulations in the market of sale.

4 — Basis of this certificate

This certificate is issued on the basis of the manufacturer's published IFRA documentation for Cashmeran® (IFF) and the published list of IFRA Standards (51st Amendment, IFRA, 2023). It relates only to IFRA conformity and does not replace the Safety Data Sheet, which must be consulted before handling.
